

GENERAL STATEMENT ON COMPLIANCE TO FOOD CONTACT REGULATIONS

We confirm that this product fulfils the requirements on materials used for articles or components of articles intended to come into contact with food as described in

- Regulation (EC) No 1935/2004 - so far applicable for raw materials
- Commission Regulation (EU) 2011/10 as amended
- FDA, CFR, Title 21 (2011) §177.1520 Olefin Polymers
- GB9685-2008 "Hygienic Standards for Uses of Additives in Food Containers and Packaging Materials" September 09, 2008

The product contains substances (monomers and / or additives) with Specific Migration Limits (SML) or other restrictions.

As the information on these restricted substances is Borealis proprietary information, it only can be disclosed for the purpose of an assessment of the compliance with the relevant restrictions, after signing of a Non-disclosure Statement. The information will then be given in a more detailed Declaration of Compliance, which is not allowed to be forwarded to any third party.

For more information, please contact your Borealis Sales representative.

Disclaimer

To the best of our knowledge, the information contained herein is accurate and reliable as of the date of publication.

The legislation cited above applies to the final packaging which is intended to come or is brought into contact with foodstuff. This statement however is restricted to the Borealis product as it leaves production. It is the customers responsibility to verify compliance with applicable legislation of the final packaging under actual and foreseeable conditions of use.

Borealis makes no warranties which extend beyond the description contained herein. Nothing herein shall constitute any warranty of merchantability or fitness for a particular purpose.

No liability can be accepted in respect of the use of Borealis' products in conjunction with other materials. The information contained herein relates exclusively to our products when not used in conjunction with any third party materials.
